COMMUNITY

Poquoson is located on the southeastern coast of Virginia. Its population is approximately 11,000 which is employed by the federal government, Northrop Grumman Shipyard, in professional endeavors, in growing commercial sales and high-tech industries. Located nearby are the NASA Langley Research Facility, Langley Air Force Base, Fort Eustis, Jefferson Labs and Colonial Williamsburg. Institutions of higher learning in the area include The College of William and Mary, Christopher Newport University, Hampton University, Old Dominion University, Virginia Wesleyan College, Norfolk State University, Eastern Virginia Medical School, and Thomas Nelson Community College.

POQUOSON CITY SCHOOLS

The school system is composed of a primary school, an elementary school, a middle school and a high school serving a total of approximately 2176 students in grades K - 12. Poquoson High School enrolls 722 students in the 9th through 12th grades, with an instructional staff of 66. The average class size is 25 students.

SCHOOL YEAR

The school year consists of four nine-week marking periods. There are seven 50-minute periods which meet every day. A limited summer session is provided.

CURRICULUM

Poquoson High School offers a comprehensive curriculum that provides a rigorous college preparatory program as well as specialized occupational training. Honors and Advanced Placement courses are offered. Poquoson High School participates in Virtual Virginia, a distance learning option.

NEW HORIZONS REGIONAL EDUCATION CENTER

With campuses in Hampton and Newport News, the New Horizons Regional Education Center houses programs drawing from the six school systems on the Virginia Peninsula as well as Gloucester and Isle of Wight. The career and technical programs offer training in over 20 fields. New Horizons also houses regional programs for special education. The New Horizons Governor's School for Science and Technology is a four-period, two-year program that offers three strands of college-level math, science, and research courses for selected students. Students enter the program in 11th grade and choose the Engineering Strand, Biological Science Strand or the Scientific Programming Strand. Second year students take an Honors Research and Mentorship Program for which they receive two credits.

GRADING SYSTEM

Letter Grade	Scale	Quality Points
A	90-100	4
B	80-89	3
C	70-79	2
D	60-69	1
F	59 and below	0

WEIGHTING

Students who take an Honors level course or a World Language course at level 4 or 5 will earn an additional 0.5 weight added to the GPA calculation for each course. Students who take an Advanced Placement (AP), Governor's School (math, science or computer science) or transferred International Baccalaureate (IB) (not sublevel) course will earn an additional 1.0 weight added to the GPA calculation for each course. Beginning with students who enter 9th grade for the first time in 2020-2021, students who take a dual enrollment course will earn an additional 1.0 weight added to the GPA calculation for each course. A weighted GPA is calculated by summing the total quality points earned and dividing them by the total credits attempted. Averages are carried four places beyond the decimal.

The GPA caps are as follows: End of 6 semesters 4.4 End of 8 semesters 4.5

GRADUATION REQUIREMENTS				
Discipline	Standard Diploma		Advanced Standard Diploma	
	Standard Credits	Verified Credits	Standard Credits	Verified Credits
