**POLICY 7-1.1 SCHOOL BOARD AUTHORITY TO REGULATE STUDENTS**

Virginia and federal law give the Poquoson City School Board the power to make reasonable rules for the (1) governance of the schools, (2) management of the School Board's business, and (3) supervision of the schools, including but not limited to the proper discipline of students, including their conduct while they are on school property, attending or participating in school activities, and going to and returning from School.

**LEGAL REFERENCE:** Code of Virginia, 1950, as amended, § 22.1-78.

*Adopted: November 2002*

## **POLICY 7-1.2 EQUAL EDUCATIONAL OPPORTUNITIES**

The Poquoson City Public Schools' educational programs and services shall be designed to meet the varying needs of all students and shall not discriminate against any individual for reasons of race, religion, color, gender, national origin, disability, or on any other basis prohibited by law. Students may express their beliefs about religion in homework, artwork, and other written and oral assignments free from discrimination based on the religious content of their submissions. Home and classroom work shall be judged by ordinary academic standards of substance and relevance and other legitimate pedagogical concerns identified by the school. Further, no student shall, on the basis of gender, be excluded from participating in, be denied the benefits of, be limited in the exercise of any right, privilege or advantage, or be subjected to discrimination under any educational program or activity conducted by the school division. The School Board encourages school division employees, patrons and students to report promptly all incidents of alleged discriminatory conduct.

In furtherance of this policy, the School Board shall:

1. provide facilities, programs and activities that are accessible, usable and available to qualified disabled persons;
2. provide a free, appropriate education, including non-academic and extracurricular services to qualified disabled persons;  
not exclude qualified disabled persons, solely on the basis of their disabilities, from any preschool, daycare, adult education or vocational programs; and
3. not discriminate against qualified disabled persons in the provision of health, welfare or social services.

### **Sexual Harassment**

It is the policy of the School Board to maintain a working and learning environment for all of its employees and students which provides for fair and equitable treatment, including freedom from sexual harassment or abuse. No employee or student, male or female, shall harass or abuse another employee or student, male or female, by making unwelcome sexual advances or requests for sexual favors, or by engaging in other verbal or physical conduct of a sexual nature when:

1. submission to or rejection of such conduct is used as a basis for employment or academic decisions affecting the employee or student;
2. such conduct creates an intimidating, hostile, or offensive working or learning environment; or
3. submission to such conduct is made either explicitly or implicitly a term or condition of the individual's employment or participation in school programs.

As used elsewhere in this policy, the term "harassment" specifically includes sexual harassment unless the context implies otherwise.

### **Complaint Procedure and Investigation**

Any student who believes that he or she has been subjected to discrimination or harassment, including sexual harassment, or feels he or she has been subjected to discrimination based on handicap or disability should file a complaint of the alleged act immediately with the compliance officer as is set forth in Poquoson City School Board Policy 5-1.7.

**LEGAL REFERENCE:** Code of Virginia, 1950 as amended, §§ 22.1-78, 22.1-79(2), 22.1-253.13:6, 22.1-253.13:7(D)(4); Virginia Board of Education Regulations Establishing Standards for Accrediting Public Schools in Virginia, Part III (3.1-1), 8 VAC 20-130-10, et seq.

## **POLICY 7-1.4 STUDENT RECORDS**

The Poquoson City School Board shall maintain accurate and complete individual, permanent and cumulative records for every student enrolled in the school division according to applicable federal and state law. These records shall include cumulative and confidential information and shall constitute the student's official school record identified as "education records" in Title 20, § 1232(g) of the United States Code and in Chapter 14 of Title 22.1 of the Code of Virginia, 1950, as amended.

The division superintendent or his/her designee(s) shall be responsible for the collection of data, record maintenance and security, access to, and use of records, confidentiality of personally identifiable information, dissemination of information from records, and destruction of records, including the destruction of personally identifiable information regarding a student with a disability, at the request of the parents. The division superintendent or his/her designee shall also provide for notification to all division personnel of policy and procedures for management of education records and notification to parents and students of their rights regarding student records, including the right to obtain, upon request, a copy of the Poquoson City Public Schools' written policy and procedure on the management of the education records and their location. The division superintendent or his/her designee shall provide for the periodic evaluation of records by the professional personnel and the removal of data no longer educationally useful.

The school division shall provide a copy of this policy on request to a parent or eligible student.

### **Definitions**

As used in this policy, the following definitions apply:

Student – any person who attends or has attended a school in the school division.

Eligible student – a student or former student who has reached age 18, is emancipated under Virginia law, or has complied with compulsory attendance requirements as set forth in the Code of Virginia, 1950, as amended.

Parent – either natural parent of a student, a guardian, an individual acting as a parent or guardian in the absence of the student's parent or guardian, or other person in the Commonwealth having control or charge of any child of school age as defined in the Code of Virginia, 1950, as amended.

Education records – any record (recorded in any way, including, but not limited to, handwriting, print, computer media, video or audio tapes, film, microfilm, microfiche, or other medium) maintained by the school division or an agent of the school division which is directly related to a student, except:

1. a personal record kept by a staff member if it is kept in the sole possession of the maker of the record and is not accessible or revealed to another person except a temporary substitute for the maker of the record;
2. an employment record which is used only in relation to a student's employment by the school division; or
3. alumni records which contain information about a student after he is no longer in attendance in the division and which do not relate to the person as a student.

Education records include:

1. Court notice of adjudication as provided in § 16.1-305.1 of the Code of Virginia, 1950, as amended, if disciplinary action against a student is based upon an incident which formed the basis for the adjudication or conviction. Any notice of disposition shall not be retained after the student has been awarded a diploma or certificate.
2. Any disciplinary record of action taken based on notice of adjudication as specified in number 1.
3. Any disciplinary action taken against a student for violation of school rules or policies occurring on school property or at school-sponsored events and information concerning disciplinary action taken against such student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community.

If disciplinary action is taken by the school division in regard to the incident upon which the adjudication or conviction was based, notice shall be provided to the parent or guardian in accordance with state law. With the consent of the parent or guardian, or in compliance with a court order, the school division must also notify the court of the disciplinary action. If the school division does not take disciplinary action, every notice of adjudication or conviction received by the division superintendent, and information contained in the notice, shall be maintained by the division superintendent, and by any others to whom he/she disseminates it as permitted by law, separately from all other records concerning the student.

### **Dissemination of Information about Court Proceedings**

The division superintendent or his/her designee shall disseminate the notice or information about an adjudication of delinquency or conviction of an offense listed in § 16.1-260(g) contained in a notice received pursuant to § 16.1-305.1 of the Code of Virginia, 1950, as amended, to school personnel responsible for the management of student records and to other relevant school personnel, including, but not limited to, the principal of the school in which the student is enrolled. The principal shall further disseminate such information to licensed instructional personnel and other school personnel who:

1. provide direct educational and support services to the student; and
2. have a legitimate educational interest in such information.

The division superintendent shall not disclose information contained in or derived from a notice of petition received pursuant to § 16.1-260 except as follows:

1. If the juvenile is not enrolled as a student in a public school in the division (to which the notice was given), the division superintendent shall promptly notify the intake officer of the juvenile and domestic relations district court in which the petition was filed and may forward the notice of petition to the division superintendent of the division in which the juvenile is enrolled, if known.
2. Prior to receipt of the notice of disposition, the division superintendent may disclose the fact of the filing of the petition and the nature of the offense to the principal of the school in which the student is enrolled if the division superintendent believes that disclosure to school personnel is necessary to ensure the physical safety of the student, other students or school personnel within the division.
3. After the student has been taken into custody, whether or not the student has been released, the principal may further disseminate the information only to those students and school personnel having direct contact with the student and need of the information to ensure physical safety, appropriate educational placement or other educational services.

### **Annual Notification**

Parents will be notified of their rights under the Federal Educational Rights and Privacy Act (FERPA) annually by publication in the Code of Student Conduct booklet published/distributed at the beginning of each academic year.

The school division shall notify, at least annually, the parents of students in attendance (including those parents identified as having a primary or home language other than English) and eligible students in attendance by such means as are reasonably likely to inform them of their rights as follows:

1. The right to inspect and review any educational records relating to the student, which are on file within the school division.
2. The right to receive any of the student's record information within 14 days after filing your request.
3. The right to receive a response from the Poquoson City Schools to reasonable requests for explanations and interpretations of your child's records.
4. The right to request that the Poquoson City Schools provide copies of records. A fee for copying records may be charged, provided that the charge does not exceed the cost of reproduction. Such a

- fee shall not effectively prevent you from exercising your right to inspect and review your child's records. Fees are charged for high school transcripts and multiple copies of records.
5. The right to have a representative review your child's records. Poquoson City Schools will assume that both of the student's parents have authority to inspect and review records relating to his/her child unless the division has been advised otherwise.
  6. The right to a list of the types and locations of education records collected, maintained or used by Poquoson City Schools.
  7. The right to a copy of your child's Individualized Education Plan (IEP) at no cost.
  8. The right to request that the Poquoson City Schools amend information found in education records when you believe that the information is inaccurate or misleading or violates privacy or other rights. Parents or eligible students should write to the school principal, clearly identifying the part of the record they want changed, and specify why it is inaccurate or misleading. If the division decides not to amend the record, Poquoson City Schools will notify you of the decision and advise you of your right to a hearing.
  9. The right to place in your student's record a statement commenting on the information you feel is not accurate, is misleading, or otherwise in violation of privacy or other rights of your child.
  10. The right to be informed that directory information may be made available for publicity or other purposes without prior parental consent. This information will include the name and address of the student. For publicity purposes as related to school activities, the directory information also will include dates of attendance, participation in officially recognized activities and sports, height and weight (if member of athletic team), awards and honors received, photograph, and other similar information. To refuse release of directory information, you must submit a written request to the school office at the beginning of each school year.
  11. The right to review, upon request, a copy of Poquoson City Schools' written policy and procedures on the management of the scholastic records and location of the same.
  12. The right to file a complaint with the U.S. Department of Education concerning an alleged failure by Poquoson City Schools to comply with the requirements of FERPA.
  13. The right to be informed that education records may be disclosed without the consent of the parent or eligible student to officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer. Parents and eligible students have a right to inspect and review the record of such disclosures.

### **Procedure to Inspect Education Records**

Parents of students or eligible students may inspect and review the education records relating to their children without unnecessary delay and before any meeting regarding an IEP or hearing involving a student with a disability. Further, parents shall have the right to a response from the school division to reasonable requests for explanations and interpretations of the education record. Neither parent, regardless of whether such parent has custody, shall be denied access to educational records of that parent's minor child unless ordered by the court for good cause shown.

The principal (or appropriate school official) will make the needed arrangements for access as promptly as possible and notify the parents or eligible students of the time and place where the records may be inspected. Access must be given no later than 14 days from the receipt of the request.

When a record contains information about students other than a parent's child or the eligible student, the parent or eligible student may not inspect and review the portion of the record which pertains to other students.

When disciplinary action is taken by the school division in regard to an incident upon which an adjudication of delinquency or a conviction of acts specified in § 16.1-305.1 of the Code of Virginia, 1950, as amended, has been made, the parent or guardian must be notified of the action, the reasons therefor and his right to review and to request amendment of the student's education records. Every notice of adjudication or conviction received by the division superintendent and information in the notice which is

not a disciplinary record, shall be maintained by the division superintendent and other school personnel separately from all other records concerning such student unless the school division takes disciplinary action based on an incident which was the basis for the adjudication or conviction.

### **Refusal To Provide Copies**

Although Poquoson City Public Schools cannot deny parents access to their children's education records, the school division will not provide a parent or eligible student a copy of the student's education record unless failure to do so would effectively prevent the parent or eligible student the right to inspect and review the records.

### **Fees for Copies of Records**

The fee for copies will be .10 per page. The actual cost of copying time and postage will be charged. The school division shall not charge for search and retrieval of the records. The school division shall not charge a fee for copying an Individualized Education Plan (IEP) or for a copy of the verbatim record of a hearing conducted in accordance with the State Board of Education's Regulations Governing Special Education Programs for Children with Disabilities in Virginia.

### **Types, Locations, and Custodians of Education Records**

Poquoson City Public Schools shall provide parents, on request, a list of the types and locations of education records collected, maintained, or used by the school division. Persons interested in obtaining information about the types of records maintained by Poquoson City Public Schools, their location and custodian, may contact the school division's record manager.

### **Disclosure of Education Records**

When parental consent is required in order to release a student's records and the parent refuses to give such consent, the division shall use informal means to secure the consent. If the parent continues to refuse to consent, the school division shall provide written notification to the person/agency requesting the information that parental consent is required and has been refused. If the school division wishes to disclose the information and has been unable to secure the necessary consent through informal means, the school division may use more formal measures, as appropriate, to effect release of information. Poquoson City Public Schools shall disclose information from a student's education records only with the written consent of the parent or eligible student, except:

1. To school officials who have a legitimate educational interest in the records. A school official is:
  - a. a person employed by the School Board as an administrator, supervisor, instructor, or support staff member;
  - b. a person appointed or elected to the School Board;
  - c. a person employed by or under contract with the School Board to perform a special task, such as an attorney, auditor, medical consultant, or therapist; and
  - d. a person who is a teacher or school official, including teachers and school officials in other schools, who have legitimate educational interests in the student. A school official has a "legitimate educational interest" if the official is:
    - i. performing a task that is specified in his position description or by a contract agreement;
    - ii. performing a task related to a student's education;
    - iii. performing a task related to the discipline of a student; and/or
    - iv. providing a service or benefit relating to the student or student's family, such as health care, counseling, job placement, or financial aid.
2. To officials of another school, upon request, in which a student seeks or intends to enroll. Poquoson City Public Schools shall provide written notice of the transfer including the identity of the requester to the parent, guardian or other person having control or charge of the student or to a student who is 18 years of age or older within five days of the date on which the record was

- transferred. This notice requirement applies to the transfer of records to education programs in jails and detention centers.
3. To certain officials of the U.S. Department of Education, the Comptroller General, and state and local educational authorities, in connection with certain state or federally supported education programs.
  4. In connection with a student's request for or receipt of financial aid as necessary to determine the eligibility, amount, or conditions of the financial aid, or to enforce the terms and conditions of the aid.
  5. To state and local officials or authorities to whom such information is specifically allowed to be reported or disclosed pursuant to state law adopted:
    - a. Prior to November 19, 1974, if the allowed disclosure or reporting concerns the juvenile justice system and its ability to effectively serve the student whose records are released; or
    - b. After November 19, 1974, if the allowed disclosure or reporting concerns the juvenile justice system and its ability to effectively serve, prior to adjudication, the student whose records are released, and the officials to whom the records are disclosed certify in writing to the school division that the information will not be disclosed to any other party without the prior written consent of the parent or eligible student, except as provided by state law.
  6. To organizations conducting certain studies for or on behalf of the school division.
  7. To accrediting organizations to carry out their functions.
  8. To parents of an eligible student who claim the student as a dependent for income tax purposes.
  9. To the entities or persons designated in judicial orders or subpoenas as specified in FERPA.
  10. To appropriate parties in a health or safety emergency.
  11. Directory information so designated by the school division.

#### **Release to Juvenile Justice Authorities**

The principal or his/her designee may disclose identifying information from a pupil's scholastic record for the purpose of furthering the ability of the juvenile justice system to effectively serve the pupil prior to adjudication. The principal or his/her designee may disclose identifying information from a pupil's scholastic record to the following agencies or individuals:

1. State or local law-enforcement or correctional personnel, including a law-enforcement officer, probation officer, parole officer or administrator, or a member of a parole board, seeking information in the course of his/her duties.
2. An officer or employee of a county or city agency responsible for protective services to children, as to a pupil referred to that agency as a minor requiring investigation or supervision by that agency.
3. Attorneys for the Commonwealth, court service units, juvenile detention centers or group homes, mental and medical health agencies, state and local children and family service agencies, and the Department of Juvenile Justice and to the staff of such agencies.

Prior to disclosure of any such scholastic records, the persons to whom the records are to be disclosed shall certify in writing to the principal or his designee that the information will not be disclosed to any other party, except as provided under state law, without the prior written consent of the parent of the pupil or by such pupil if the pupil is eighteen years of age or older.

#### **Release to Federal Government Agencies**

Except as required by federal law or regulation, no member or employee of the Poquoson City School Board shall transmit personally identifiable information, as that term is defined in the Family Educational Rights and Privacy Act (20 U.S.C. § 1232g) and related regulations, from a student's record to a federal government agency or an authorized representative of such agency.

#### **Record of Requests for Disclosure**

Poquoson City Public Schools shall maintain a record kept with the education records of each student, indicating all individuals, agencies or organizations which request or obtain access to a student's education records, except those who receive records with consent. The record will indicate the legitimate interest the party had in obtaining the information. The record of access will be available only to parents, to the school official and his/her assistant(s) who are responsible for the custody of such records, and to persons or organizations which audit the operation of the system.

The requirements related to records of requests for disclosure stated above do not apply to requests made pursuant to an ex parte order issued by a court at the request of the United States Attorney General (or any federal officer or employee, in a position not lower than an Assistant Attorney General, designated by the Attorney General) seeking to collect education records relevant to an authorized investigation or prosecution of international terrorism as defined in 18 U.S.C. § 2331 or other acts listed in 18 U.S.C. § 2332b(g)(5)(B).

Personal information will only be transferred to a third party on the condition that such party will not permit any other party to have access to such information without the written consent of the parents of the student. If a third party permits access to information, or fails to destroy information, the school division will not permit access to information from educational records to that third party for a period of at least five years.

### **Directory Information**

Poquoson City Public Schools shall notify parents and eligible students at the beginning of each school year what information, if any, the school division has designated as directory information, the right to refuse to let the school division designate any or all of such information as directory information and the period of time to refuse, in writing, the directory information designation, in accordance with FERPA.

Directory information may include the name, gender, address, telephone listing, date and place of birth, the student's major field of study, participation in officially recognized activities and sports, the weight and height of members of athletic teams, dates of attendance, degrees or awards received and photographs.

In addition, two federal laws (the No Child Left Behind Act of 2001 and the National Defense Authorization Act for Fiscal Year 2002) require Poquoson City Public Schools, because they receive assistance under the Elementary and Secondary Education Act of 1965, to provide military recruiters, upon request, student names, addresses, and telephone numbers, subject to a parent's request not to disclose such information without written consent.

To refuse release of directory information, submit a **written request** to the office of the school the child attends at the beginning of each school year. Further, notwithstanding the definition of directory information above, the custodian of a scholastic record shall not release the address, phone number, or email address of a student in response to a request made pursuant to the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) unless the parent or eligible student has affirmatively consented in writing to such disclosure. For any student who is (i) 18 years of age or older, (ii) under the age of 18 and emancipated, or (iii) attending an institution of higher education, written consent of the student shall be required. For any other student, written consent of the parent or legal guardian of such student shall be required. Additionally, except as required by state or federal law, no school shall disclose the address, telephone number, or email address of a student pursuant to 34 C.F.R. § 99.31(a)(11) unless (a) the disclosure is to students enrolled in the school or to school board employees for educational purposes or school business and the parent or eligible student has not opted out of such disclosure in accordance with this subsection and school board policy or (b) the parent or eligible student has affirmatively consented in writing to such disclosure.

### **Notification of Disclosure in Violation of FERPA**

If the School Board reasonably believes that electronic records containing personally identifiable information have been disclosed in violation of FERPA or other federal or state law applicable to such information, it shall notify, as soon as practicable, the parent of any student affected by such disclosure,

except as otherwise provided in § 32.1-127.1:05 or 18.2-186.6 of the Code of Virginia. Such notification shall include the (i) date, estimated date, or range of the disclosure; (ii) type of information that was or is reasonably believed to have been disclosed; and (iii) remedial measures taken or planned in response to the disclosure.

### **Correction of Education Records**

Parents or eligible students shall be notified of their right to challenge the content of student records and to ask to have records corrected (including expungement) that they believe are inaccurate, misleading, or in violation of their privacy rights. Following are the procedures for the correction of records:

1. Parents or the eligible student must request in writing that Poquoson City Public Schools amend a record. In so doing, they should identify the part of the record they want changed and specify why they believe it is inaccurate, misleading or in violation of the student's privacy or other rights.
2. School division officials shall decide whether to amend the record in accordance with the request within a reasonable period of time. If they decide not to comply, the school division shall notify the parents or eligible student of the decision and advise them of their right to a hearing to challenge the information believed to be inaccurate, misleading, or in violation of the student's rights.
3. Upon written request, the school division shall arrange for a hearing and notify the parents or eligible student, reasonably in advance, of the date, place, and time of the hearing. The hearing shall be held within a reasonable period of time after the request.
4. At any such hearing, the parent may be accompanied and represented by one or more individuals/attorneys.
5. A hearing officer who is a disinterested party shall conduct the hearing; the hearing officer may be an official of the school division. The parents or eligible student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the student's education records in accordance with FERPA.
6. The school division shall prepare a written decision which will include a summary of the evidence presented and the reasons for the decision.
7. If the school division decides that the challenged information is not inaccurate, is misleading, or in violation of the student's right of privacy, it will notify the parents or eligible student that they have a right to place in the student's official record a statement commenting on the challenged information and/or a statement setting forth reasons for disagreeing with the decision. The statement will be maintained as part of the student's education record as long as the contested portion is maintained.
8. If the school division decides that the information is inaccurate, misleading, or in violation of the student's right of privacy, it shall amend (including expungement) the record and notify the parents or eligible student, in writing, that the record has been amended.
9. Poquoson City Public Schools shall notify the parent and eligible student of their right to file with the FERPA Office a complaint concerning an alleged failure by the school division to comply with federal law.

### **Confidentiality of HIV and Drug And Alcohol Treatment Records**

The school division shall comply with the confidentiality requirements of § 32.1-36.1 of the Code of Virginia, 1950, as amended, providing for the confidentiality of records related to any test for human immunodeficiency virus (HIV). In addition, the school division shall maintain confidentiality of drug and alcohol treatment records as required by federal and state law.

### **Electronic Records and Signatures**

Poquoson City Public Schools may accept electronic records and electronic signatures from any parent, guardian, or other person having control or charge of a child enrolled in the Poquoson City Public Schools, in accordance with applicable law. The division superintendent shall promulgate regulations to accept electronic records and electronic signatures that meet the requirements of Virginia Code Sections 22.1-79.3(F) and 59.1-479, et seq.

## **Report of Missing Children**

The School Board shall receive from local law enforcement, as required by applicable law, reports of disappearances of any children living within the school division. Upon notification by a local law enforcement agency of a child's disappearance, the principal of any school in which the child was enrolled at the time of the disappearance shall indicate, by mark, in the child's cumulative record that the child has been reported missing. Upon notification by law enforcement that the child is located, the principal shall remove the mark from the record. For purposes of this Policy, a "mark" shall mean an electronic or other indicator that:

1. is readily apparent on the student's record; and
2. will immediately alert any school personnel that the record is that of a missing child.

Upon receiving a request from any school or person for copies of the cumulative records and birth certificate of any child who has been reported by a local law-enforcement agency to be missing, the school being requested to transfer the records shall immediately notify the law-enforcement agency that provided the report to the school of the child's disappearance of the location of the school or person requesting the cumulative records and birth certificate of the child, without alerting the requestor of such report.

Federal law requires that all instructional materials, including teacher's manuals, films, tapes, or other supplementary material, which will be used in connection with any survey, analysis, or evaluation as part of any applicable federal program be made available for inspection by the parents or guardians of students.
